

COTY

SINCE 1904

November 2020

Dear Valued Supplier,

On June 1st this year, we announced the signing of a definitive agreement with KKR* for Coty's Professional Beauty and Retail Hair businesses, including the Wella, Clairol, OPI and ghd brands (the "Wella Business"), which provides for the creation of our new Wella group of companies.

Coty will transition its Professional Beauty and Retail Hair businesses into new Wella Company on **November 30, 2020**.

Thank you for your help thus far as we prepare to establish the Wella group of companies under a new corporate structure. To that end, we would like to share with you the following information and provide you with the right level of knowledge about how your contract(s) will continue to operate with the Wella group of companies.

From **November 30, 2020** the legal entity that you are currently operating with will continue to be the counterparty to your contract and therefore there will be no changes:

Legal Entity	Address
Galería Productora de Cosméticos, S. de R.L. de C.V.	Avenida Ferrocarril Norte Numero 100, Caleras de Ameche, Apaseo el Grande, Guanajuato, C.P. 38177, Mexico

Please be advised that the above will result in some changes.

Invoicing process

From **November 30, 2020** any invoice submitted to the current legal entity will have no change:

Bill To Address	PDF Invoices	Paper Invoices
Galería Productora de Cosméticos, S. de R.L. de C.V. RFC GPC150827DY8 Avenida Ferrocarril Norte Número 100, Caleras de Ameche, Apaseo el Grande, Guanajuato, C.P. 38177, Mexico	For Foreign Vendors only: 3570.GaleriaPdC.LAInvoices@wella.com Complementos de pago: wellacxp@wella.com Domestic Vendors to send xml invoices to MasFactura	Galería Productora de Cosméticos, S. de R.L. de C.V. Company Code 3570 For Foreign Vendors only: Attn: Genoveva Rivera, Barranca del Muerto 329 PB, Col. San Jose Insurgentes, Mexico, 03900 Domestic Vendors to send xml invoices to MasFactura

Our preferred option is to receive invoices in PDF format, so we would like you to use this format in order to expedite the processing of invoices. For local vendors it is the XML invoice and addenda on the normal process.
